

## Promotion Policy Change – Instructional Faculty

September, 2004 – Henceforth, it will be possible to be considered for promotion simultaneously with the request for tenure. Promotion will not be automatic with the granting of continuing appointment, but will be decided on a case by case basis. Faculty who wish to be considered for promotion at the time of tenure must follow the standing procedure for seeking promotion (*Handbook*, pp. 37-39). This statement issued by Provost Larkin 9/9/2004.
