¹ All information is kept confidential. While some information is optional, students progressing through the program will be required to provide detailed contact & tracking information (including a social security number) before a scholarship award can be made.

² Students interested in the NOYCE Program at SUNY Oneonta, by federal regulation, must be considering but NOT YET COMMITTED to a career in Adolescent Science Education. As a result, only declared, traditional science majors can be accepted into the program. During the course of the program, successful participants will transition to Adolescent Education-Science major programs with the guidance of program faculty and the Division of Education. Students with unusual academic backgrounds, sophomores and transfer students are particularly encouraged to consult with the program director before applying.

Short Essay Questions:

Please answer the following 2 questions in the boxes provided. You may prepare your response in another program and paste it into the box.

1. Explain a past experience, positive or negative, with a teacher or in an academic setting that has made you consider pursuing a career as a teacher?

2. On top of the financial benefits that the Noyce scholarship provides, what other benefits do you hope to receive as a Noyce scholar?
