

**Fund for Academic Excellence
Instructional Technology Award**
Deadline for Applications is Nov. 30, 2006

All teaching faculty are invited to submit applications for the fifth annual Instructional Technology Award.

Major Goals

The major goals of this award and presentation are to recognize uses of technology that improve instruction and to publicize model uses of technology among the faculty. A secondary goal is to publicize the instructional technology accomplishments of Oneonta faculty within the SUNY system and the region.

Criteria for Selection

Selection of the award recipient will be based upon the following criteria:

- Evidence that the use of the submitted technology project improves learning.
- Applicability to other classes and/or disciplines
- Willingness and ability to present the topic at a public event.

Eligibility

All teaching faculty at the State University College at Oneonta

Award

The successful candidate will receive an award of \$1000. In addition, the department of the successful candidate will receive \$1,000 for use during the current fiscal year to purchase hardware or software for the department or a member of the department or to bring in an outside speaker on technology in the discipline.

Presentation

The successful candidate will provide a 30-45 minute presentation describing the technology project at a reception on February 15, 2007.

Submission of Application

Your application should include the following:

- Description of your use of technology. Describe in detail your approach, methods and the technology required to implement the project.
- Appraisal of how technology enabled achievement of learning objectives.
- Student and colleague testimonials that describe reactions/opinions of others.
- Electronic instructional materials (e.g. web pages, applications, etc.)

The **deadline** for submission is November 30, 2006 by 4:30 PM. Submit applications to Jim Greenberg, TLTC, Milne Library. Electronic submissions should be sent to greenbjb@oneonta.edu in Word or PDF format.

Successful candidate **selection** will be by recommendation of the Educational Technology Committee to the Provost.

This award was made possible through the College Foundation and the TLTC.
