Core Values

- To provide quality law enforcement services to the campus community;
- To maintain a high standard of personal and professional ethics and constitutional rights;
- To incorporate law enforcement personnel as part of the educational process in the campus community;
- To embrace the importance of consultation, teamwork and open discussion with campus constituencies on law enforcement and related safety matter; and
- To appreciate and value diversity on campus.

Mission Statement

The University Police Department at the State University of New York, College at Oneonta was established primarily to maintain and preserve the peace on campus. It also serves to protect the life and property of all the individuals who utilize the college facilities including students, faculty, staff and visitors. In order that the University Police Department can function properly, suitable personnel are sought who are able to relate to and be part of the College community and they are made members of the department.

In order to do an effective job, the University Police Department also solicits the aid of all segments of the campus community to help us protect and serve all campus personnel, physical facilities and property. The University Police Department recognizes its obligation to conduct its activities and treat all persons in a lawful, fair, equitable, and evenhanded manner without regard to race, color, national or ethnic origin, gender, sexual orientation, religion, disability, political affiliation, or personal interest.

The University Police Department is operated as a basic crime prevention, service and enforcement unit. University Police is the only 24-hour department on campus which the campus community can depend for services at any hour of the day or night. Good service depends on immediate response to any given situation. While the college sleeps, University Police is called upon for services which cannot be given by others. The campus community deserves a law enforcement operation that can act as a protective and preventive force that can respond intelligently, swiftly and effectively to any emergency or other situation.

Our People

In fall 2015, approximately 5,850 undergraduate students and 269 graduate students were enrolled at the College at Oneonta. Approximately 3365 undergraduate students resided in 15 residence halls on campus. The college employs approximately 273 full-time faculty and 156 part-time faculty, and 729 staff in administrative and support positions. This does not include the many visitors that are on campus on a daily basis. University Police is staffed and patrols our campus twenty-four hours a day each and every day of the year.

To serve that community, the University Police Department strives to keep a full-time staff of 27 people who perform the following functions:

• Chief (1)

The chief of university police is responsible for the planning, directing, coordinating, controlling and staffing all of the department activities to include the protection of people, personal property, state property and equipment and the enforcement of laws and regulation within its legal jurisdiction.

• Lieutenants (4)

 University police lieutenants are supervisory police officers. In addition to the general and individual responsibilities of all members and employees, lieutenants are specifically responsible for the following on their shift.

Officers (12)

 University Police Officers are responsible for the detection and prevention of crime and the enforcement of laws, rules, and regulations for the protection of persons and property and the general maintenance of peace, order, and security.

• Dispatchers (6)

- A primary assignment performed by dispatchers is that of desk officer, including communications related activities such as dispatching and operating a data terminal. They also assist University Police as appropriate through duties such as enforcing parking regulations or assisting with fire safety duties.
- Emergency Management Coordinator
- Parking Office Staff (2)
- Administrative Assistant

Accreditation

The University Police Department at SUNY Oneonta is a fully accredited Police agency through the New York State Division of Criminal Justice Services Accreditation Program. In 2015 the Accreditation Council conducted an on-site visit to assure compliance and we were approved validating our commitment and adherence to the accreditation standards. Our next full audit will be scheduled in 2016.

Training

In order to apply for a position as a University Police Officer, applicants must have a minimum of 60 credit hours of college education. In addition, officers are required to undergo the following training:

- Basic Course for Police Officers
- Field Training (12-16 weeks)
 - The new officer is assigned to an experienced officer who is certified as a
 Field Training Officer. At the beginning of field training, the new officer is
 observing the Field Training Officer do the job. By the end of field
 training, the Field Training Officer observes the new officer as they do the
 job. The new officer is evaluated on their performance daily.
- Yearly Updates
 - Penal Law Article 35 Defense of Justification (Use of Force)
 - Bi-annual qualification with duty weapons
 - o CPR/AED
 - Naloxone administration Training

In addition to the minimum training, sworn officers at SUNY Oneonta are also certified in the following areas:

- New York Statewide Police Information Network (NYSPIN) / E-Justice

Emergency Management

The State University of New York (SUNY) requires every campus to develop and maintain an Emergency Response Plan (ERP) that meets or exceeds the requirements set forth by the State University of New York. In the event of an emergency, the top priorities of the State University of New York are to (1) Protect life; (2) Protect critical facilities; and (3) Restore campus operations.

An emergency or crisis situation can arise at the State University of New York at Oneonta any time and for many reasons. Emergencies range from chemical spills, fires and bomb threats to explosions, natural disasters, and civil disturbances such as riots or labor unrest.

The SUNY at Oneonta Emergency Response Plan is a procedural document, which incorporates the Incident Command System for organizing, coordinating and directing available resources toward the control of an emergency. The plan includes a chain of command establishing the authority and responsibility of various individuals. In emergencies, procedures sometimes must be changed at an instant's notice; therefore, responsible and knowledgeable persons who know the procedures have the authority to make necessary modifications.

This Emergency Response Plan is designed to outline a plan of action so that emergencies can be dealt with immediately in a logical and coherent manner. The intention of the Emergency Response Plan is not to establish policy, but to create a framework that will allow an immediate response to an emergency.

This plan is the result of the recognition by the college officials that there is a responsibility to manage emergency and disaster situation on campus and coordinate with all public safety and local government officials. The college recognized that a comprehensive plan is needed that is compliant with HSPD-5, including the National Incident Management Systems (NIMS). The plan is also consistent with, and closely linked to city, county and state plans. (See appendix D for training and accomplishments for 2014)

Other Services

Escort Program

The University Police Department administers the escort program from dusk to dawn for the safety of anyone walking alone on the campus at night. The actual escorts are members of OSES.

Fire Safety

The University Police Department is responsible for maintaining fire safety on the college campus, keeping our training and equipment in strict compliance with the laws, rules, and regulations of New York State.

Internships

The University Police Department in conjunction with College's Criminal Justice Program provides internships each semester. These internships provide students with the opportunity to learn more about the unique challenges of law enforcement on a college campus.

OSES

The Oneonta State Emergency Squad, widely known as OSES, is a student run organization that has been serving the campus community since 1993. OSES provides the campus and surrounding communities with Emergency Medical Services (EMS) when requested. These services include, but are not limited to Emergencies, Event Standbys, and Mutual Aid. OSES works closely with the University Police Department (UPD) on campus to provide the best possible care. OSES takes pride in providing emergency services to their fellow students as well as faculty, staff and other members of the campus community.

Rape Aggression Defense (RAD)

The Rape Aggression Defense System is dedicated to teaching women defensive concepts and techniques against various types of assault, by utilizing easy, effective and proven self-defense/martial arts tactics. This system is a realistic defense that will provide a woman with the knowledge to make an educated decision about resistance. RAD operates on the premise, supported by research, that a spontaneous violent attack will stimulate a natural desire to resist on the part of the victim. RAD educates women about "The Flight or Fight Syndrome", while showing them that enhancing their option of physical defense is not only prudent, but a necessity if natural resistance is to be effective.

Safety and survival in today's world requires a definite course of action. The RAD System is an effective option teaching women to take an active role in their own self-defense and psychological well-being.

program across the state.

The NYS University Police at SUNY Oneonta hosts a self defense and self awareness program for preschoolers known as "radKIDS". Lt. Michael O'Donnell and T-Sgt. Nathan Leonard instruct the "radKIDS" program at two locations, Oneonta Head Start and The Bugbee Children's Center. The NYS

University Police at SUNY Oneonta is fortunate enough to be one of only five SUNY's that offer this

The "radKIDS" program is based on accelerated learning theory and realistic physical resistance options to escape violence. Curriculum topics range from Home and School Safety, to Out and About Safety, to Realistic Defense against Abduction as well as GOOD, Bad, and Uncomfortable Touch. Through "radKIDS" training, children become empowered and learn to replace the fear, confusion, and panic of dangerous situations with confidence, person safety skills and self-esteem.

The radKIDS program was developed by radKIDS Inc. in 1998 and is dedicated to providing proven and effect life saving skills for children by teaching them how to "Resist Aggression Defensively." O'Donnell and Leonard attended a 30 hour instructor program, in South Dennis, Massachusetts, to become certified to bring this program to the children, ages 4-12, in our area.

LAW ENFORCEMENT CODE OF ETHICS

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception; the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and to be mindful of the welfare of others. I will remain honest in thought and deed in both my personal and official life. I will be exemplary in obeying the laws of the land and the regulations of the Force. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession...law enforcement.
