

# CORPORATE & FOUNDATION @ SUNY ONEONTA OPPORTUNITIES

The State University of New York College at Oneonta (SUNY Oneonta) partners with corporations and foundations in many ways. Through the College Advancement Office, Corporate and Foundation Programs, we can match your needs and interests with SUNY Oneonta's expertise and capabilities to help you reach your goals or contribute to the future of our community and our region. As an institutional partner you can invest in innovative research or cultivate and recruit the next generation of leaders in a variety of fields.

## Partnership Opportunities

**Workforce** - Partner with SUNY Oneonta to meet your professional and educational goals. We offer over 60 degree programs, including bachelor's and master's degrees, and certificates. One of SUNY Oneonta's programs may be the right one to meet your and your employees' academic and professional needs.

**Research** - Request research services or sponsor current research in a range of areas to give your business or organization the information you need for success.

**Recruit Talent** - Connect with current students seeking internships, and recent graduates looking to begin their careers and apply their skills. Inquire about our Job-Internship-Volunteer Expo hosted by our Career Development Center.

**Internships** - Provide an internship to meet staffing needs while helping SUNY Oneonta students gain professional experience and insight into their chosen field of study. [Click here to learn more!](#)

**Invest in Students** - Invest in the success of SUNY Oneonta students by sponsoring academic projects, supporting student programs, events, and scholarships, or sharing professional expertise through adjudicating or speaking opportunities.

## Ways to Give

**Sponsorships & Program Support** - Sponsorships not only help support a variety of great programs and events on campus, many of which are open to the general public and attract visitors from across the state, they also provide visibility and branding opportunities.

**Endowments** - With your gift or grant you can establish, sustain, and/or perpetuate an endowment in an area of interest or field of study important to you, your business, or organization.

**Research Grants** - Help support research projects through our grants program and help advance industries. This support invests in bright and innovative students and faculty conducting research and helps ensure we can recruit and retain high caliber faculty.

**Facilities and Laboratories** - When you support new or existing laboratories and facilities you contribute to the Oneonta student experience on campus, impacting the college and the regional community. This support can also provide a naming opportunity for your company or foundation.

**Scholarships** - By partnering with us and supporting students with an undergraduate or graduate scholarship, you can help students achieve their goals and truly change the future.

**In-Kind Gifts of Equipment and Software** - Whether it's equipment, software, or supplies, these donations help keep facilities and programs up-to-date and business-relevant. In-kind gifts help defray costs and focus resources in areas of highest need.

**Corporate Matching Gifts** - Provide matching gift programs for your employees to encourage their philanthropy and increase the impact of their gifts to SUNY Oneonta. Ask us to work with your human resources representative to facilitate such a program. To see if your company already has a matching gift program, visit <http://www.matchinggift.com/oneonta>
