

WHAT CREDIT IS CONSIDERED DAC?

Credit needed to complete the primary major along with other overall college requirements:

- 122 total credits (sh)
- 60 or 90 Liberal Arts sh
- 48 upper division sh
- 45 sh in residence
- 30 of last 60 sh in residence
- 1/2 the major in residence

WHAT IF I WANT TO ADD A DUAL MAJOR OR A MINOR?

If you work with an Advisor early on, you may be able to use your elective spaces to complete a second major or minor, but only the credit that is needed to reach your overall college requirements (primary major, General Education, and electives to reach 122 sh) is considered DAC.

DAC

To be eligible for Federal/State financial assistance, a student must be enrolled in a Program of Study. A program of study is a degree (Bachelor of Arts or Bachelor of Science) with a declared primary major.

Financial aid eligibility can only be calculated based on coursework required for this degree and primary major.

The rules regulating Financial Aid are many and complex. Students need to work closely with their Financial Aid Counselor to understand financial support.

The sample major shown in all plans assumes a 36 sh program with no related work. With the 30 sh of required General Education (assuming one overlap within the major), this program still requires a total of 59 sh of elective coursework to reach the college requirement of 122 sh.

SAMPLE PLAN #1

YEAR 1			
Fall		Spring	
MJ 1/ GE9	3 sh	MJ 2 **	3 sh
GE1 *	3 sh	GE4	3 sh
GE2	3 sh	GE5	3 sh

ELEC	3 sh	ELEC	3 sh
ELEC	3 sh	ELEC	3 sh
	<u>18 sh</u>		<u>17 sh</u>

Coursework taken prior to Oneonta applies towards a student's time to graduation. A student transferring in 18-24 sh can potentially graduate from Oneonta in 3 years. Students transferring in more credit may similarly be able to begin at Oneonta at a point later in this plan.

When planning for degree completion, students should work with their advisor to determine how credits fit into their projected graduation plan. Students also need to work with advisors to make sure their major courses can be completed as planned, especially when condensing the sequence. Prerequisites and semester course offerings may prevent certain plans from being condensed.

SAMPLE PLAN # 3

HOW EXTRA COURSEWORK CAN

AFFECT A PLAN (starts with plan #1)

YEAR 1			
Fall		Spring

As this plan shows, if students are interested in taking additional elective credits early in their college career, they will be completing DAC credit early, often leaving them with less than full time DAC in their last year.
