Before even coming to Oneonta, I knew that I wanted to become a part of Greek Life. I wanted to experience that bond of sisterhood and become involved on campus as much as possible. When I first came to college, it was harder than I thought to meet new people and to participate in activities because I didn't even know where to start. I knew that joining Greek Life would give me these opportunities and I couldn't wait until I was able to start the Recruitment process. I met so many different people while rushing and found my fit with my 50 other sisters in Tri Sigma. Not only do I have 50 sisters in my organization, I was also able to find my group of best friends in my sorority who are always there for me. My sorority is so involved in community service events in Oneonta and we are constantly looking for more ways to get ourselves involved too. Being a part of a sorority has allowed me to form relationships with not just my organization, but with other sororities and fraternities as well. Having connections with Tri Sigma and Greek Life led me to apply for a job as an Oneonta Tour Guide, a job which I now have and love! Being a part of Greek Life has changed my time at Oneonta for the better and I would recommend it to everyone!
