

I joined Greek Life because

By: Catherine Brewster, Sigma Gamma Phi Sorority (ΣΓΦ)

I joined Greek Life for several reasons. One of the major reasons was that I am relatively shy and wanted to network outside of my freshman residence hall. I had friends who were involved in Greek Life and suggested I look into it, so I did. I met an amazing group of young women who have become my sisters and my closest friends. Greek Life also is known to be full of opportunities for leadership and community service. I enjoy and feel very strongly about these aspects of my life so it seemed silly not to look into it. After I talked to several sororities, I focused on the two that seemed most suitable for me and then made the decision to join Sigma Gamma Phi. It has been an amazing experience and Greek Life continues to provide me with opportunities and great experiences!
