

I joined Greek Life because

By: Dan Hylas, Phi Kappa Psi Fraternity (ΦΚΨ)

To be honest, I really had not one intention of going Greek.

I, like many of you probably, thought being in a fraternity was all about crazy parties and bad grades. It wasn't until I became involved in campus that I saw how many campus leaders were Greek. I'm all about campus involvement and bettering myself for the future. Community service is great for both the community and your resume! As Community Relations chair for Phi Kappa Psi, I try to better both the college and surrounding community. Along with our proactive actions and attitudes, the brotherhood found in a fraternity is incomparable to any other.

Although we are the most diverse fraternity on campus, every single brother can sit down with another and connect as family members do.

Going Greek was the best decision I've ever made; the connections you make, both with students as well as campus administration, will benefit you for years to come. Best of luck to all of you in your years here at Oneonta!
