

## I joined Greek Life because

By: Katrina Shkreli, Sigma Sigma Sigma Sorority (ΣΣΣ)

I joined Greek Life for a variety of reasons. I was looking for a way to get involved on campus as well as make friends throughout the way. However, in the beginning I did not know much when I started thinking about Greek Life. I took the time to go to events and meet the different sororities on campus. Through each sorority, I found that all of them helped out throughout the community and put on many events, whether it be for fundraising, sisterhoods, or community service. Also, when talking to many different sisters, they also stated how Greek Life is a great way to network when it is time to graduate. Lastly, I saw the bonds between the sisters in each sorority and knew they all shared something special. It was after this that I knew Greek Life was right for me.
