www.oneonta.edu/development/multicultural/AALANA.asp

UPCOMING MEETINGS

- AALANA Mentor Program
Mentor/Mentee Meeting

Wednesday Sept. 23rd @ 6pm
(CME)

(Please Mentors, check emails daily for updates!)

MORE INFO

What is the AALANA Mentor Program?

The AALANA Mentor Program is a peer mentorship program that assists first year students with the transition to college life.

It was created in the spirit of building community among African American, Latino, Asian, and Native American students in order to secure academic and social GROUP success. Mentors meet with their mentor groups to offer strategies for academic and social success through monthly group discussions. This program offers freshmen the opportunity to learn from the academic and social experiences of successful AALANA students.

AALANA freshmen will additionally benefit from the program since it is designed to get you over the bumps in the road like dealing with roommates, figuring out ways to deal with academic pressures, and generally meeting people on campus.

To learn more about the program, visit our website @ www.oneonta.edu/development/multicultural/AALANA.asp

The AALANA Mentor Program Advisory Committee (AMPAC) is a group of motivated students who are apart of the AALANA Mentor Program and work together to make the program even better. AMPAC assist in planning activities for the AALANA Mentor Program. If you have any feedback for us in making the program better, please feel free to email the Program Supervisor, Bernadette Tiapo. We appreciate you all being apart of the AALANA Mentor Program!
