THE UNDETECTED RAPIST

DAVID
LISAK, PHD

P.A.I.R.S. presents

Dr. David Lisak has conducted research on what he calls the “undetected” rapists — men who commit rapes but who are either **not reported** or **not prosecuted** for their crimes. Lisak suggests that these “undetected” rapists represent the vast majority of rapists, and account for the vast majority of rapes.

Wednesday, November 4 at 8pm Hunt Union Ballroom

sponsored by P.A.I.R.S, the Office of First Year Experience, Public Events Committee, The Office of Health Education, Student Health Services, the Counseling Center, the Gender & Sexuality Resource Center, Residence Life, Greek Life, Admissions, EOP & the Opportunities for Otsego Violence Intervention Program.
