## Instructions for Completing APP Form for Adjuncts

Please fill in the following:

#1 Department Name

#2 Effective Dates:

For FY12/13 Adjuncts - Fall 8/16/12-1/2/13; Spring 1/3/13-5/22/13

#3 Title is Adjunct

#4 Department Name

#5 Department Account No.

Do Not Complete: Section 3 is completed ONLY for full-time faculty who are doing extra service, etc. as stated.

#7 Adjunct's name

Social Security # - must have it filled in if they want to get paid

Home address

Campus address - office where they will get their mail

Campus phone

#8 This is important information to get as it affects payroll paperwork needed to be done.

#9 If this person is going to be assigned students to advise, you must check yes. If there is no check in either box, it will be assumed that the person will not be doing advisement.

Please list the courses including the section number this person will be teaching – CRN is also helpful to have.

It is extremely important to have accurate information in Section 5! Human Resources and Payroll generate the contract letter and the salary for the adjunct from this section. If, after submitting the APP, the adjunct's schedule must be changed, please send a request to change the schedule and revise the APP (e-mail is fine for this) to your Dean <u>and</u> Cindy Magee.

\*\*For those adjuncts who are term temp (have completed 6 or more consecutive semesters here), you must include both fall and spring courses on the Fall APP. Since you will not know what the spring courses will be when doing the fall APP, you can just list the Spring course i.e. HIST 101 and just say 1 section instead of a specific section number. Reminder: If the adjunct's schedule changes (i.e. teaches more or less sections than what was stated), you will need to do a revision notice to the appropriate Dean and Cindy Magee.

If the adjunct has never taught for the College, please write the word, NEW, next to the person's name. This tells us that the person must be entered into the BANNER system as an instructor.
