

The ANGEL System Check

After navigating to the ANGEL page (<http://angel.oneonta.edu>), the ANGEL page will perform the "System Check" - a utility that checks to see that all of the browser plugins and features that ANGEL will need for a full experience are installed. If you don't have one of the components, a red "X" will be displayed. A properly configured system will show the following for the System Check:

System Check

 **Explorer**
Version: 7 Platform: Windows
Resolution: 1920x1200 (32 bit color)

Requirements	Plugins
<input checked="" type="checkbox"/> Ajax	<input checked="" type="checkbox"/> Flash Player 9
<input checked="" type="checkbox"/> Cookies	<input checked="" type="checkbox"/> Quicktime Player 5
<input checked="" type="checkbox"/> Java	<input checked="" type="checkbox"/> Windows Media
<input checked="" type="checkbox"/> Javascript	
<input checked="" type="checkbox"/> Popups	

In order to log into the ANGEL LMS, you must have already created your SUNY Oneonta Computer account - stud01@oneonta.edu. Once this happens, you will automatically be enrolled in all of your ANGEL courses.

Log in using your Oneonta ID - and the password you created when you made your account.
