

How to Add Content to the Lessons Area

Click on the “Lessons” tab at the top of the screen, and then the link to “Add Content”

This will display all the content item types that we can add to the ANGEL environment. For this Module, we’ll be discussing Files, Links, and Pages.

To add a file, click on the “File” option:

This will bring up the “Upload File” window. Click on “Browse” to find the files on your computer, PDrive, or external storage device.

Upload a File

Upload Form

Instructions: Click "Browse" to locate the file then click "Upload File" to add it to your content.

File to Upload

Title

File Type

AutoDetect

Note: you can “Title” the new ANGEL content anything you’d like – the file name will be displayed if the “Title” is left blank.
