

## How to Connect Your ANGEL Courses to Your LOR

Sign into the ANGEL environment. Click on the personal LOR Button on the left side navigation bar.

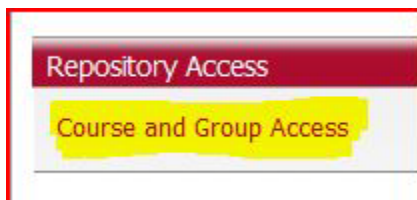

This will bring you into your Personal Learning Object Repository. Now we need to select the courses we want to allow access to.

Click on the “Manage” tab,

... and then on “Course and Group Access”.

Click on “My Courses”

Check the boxes next to the courses in the right column that you want to allow your LOR to access...

Add	Course	Title
<input type="checkbox"/>	NUTR-555-WW-FALL2009	ADVANCED NUTRITION THERAPY - Fall 2009 (NUTR-555-WW)

Once you’ve selected all the courses, click on the “Add Selected” button at the bottom of the list.
