

NOTE OF THANKS

The Spring 1999 volume of *Educational Change* is now, somewhat late, ready for publication. Again, I am immensely pleased to thank the individuals without whose help this would not have been possible. I am especially grateful to Barbara Paugh, Manager of Publications at SUNY Oneonta, and Su Hartley of the same department. Both have been instrumental in the preparation of this volume for the Print Shop. Wayne Byam, supervisor of the Print Shop, has been especially accommodating in spite of his tight schedule and Marge Holling, secretary of the Philosophy Department, has provided outstanding secretarial help.

Thanks are in order to the members of N.Y.S.F.E.A. and the members of the Philosophy Department at SUNY Oneonta for the many ways in which they have provided encouragement and support for this project.

Dr. Alan Donovan, President at SUNY Oneonta, deserves much praise for providing the ground for this and many other initiatives which continue to improve SUNY Oneonta.

The Editor
