Celebration of the Sciences / Rededication of Science Building I

The sun shone brightly on October 18th during the ribbon-cutting ceremony for the refurbished Science Building I, and the building was buzzing inside and out with activity spotlighting the facility's instructional and research capabilities.

The Division of College Advancement wishes to thank everyone who contributed to the success of this event, from the faculty and staff who gave up their Saturday afternoon to present mini-classes, demonstrations and exhibits; to the student volunteers who conducted tours, registered guests, and contributed in so many critical ways; to everyone behind the ribbon and behind the scenes!
