He is also the Medical Examiner for Rensselaer County and serves as a coroner's pathologist for several upstate New York counties. He has written or co-authored several articles published in forensic and neuropathology journals, and has performed over 7000 autopsy examinations. Dr. Sikirica and Ms. Egan were also reacquainted with their former instructors from the Biology Department (**Bill Pietrafesa**) and the Anthropology Department (**John Relethford** and **Brian Haley**). After an introduction by his former instructor Dr. Relethford, Dr. Sikirica delivered his Keynote Address entitled *Forensics: An Entity at the Triple Point*. The presentation explored the legal side of forensics, how it is used in court cases, and how the "CSI effect" can sometimes give jurors unrealistic expectations of science and law enforcement. He explored various myths perpetrated by popular television programs and related them to his own experiences with court cases. ROUNDTABLE ON DIVERSITY SERIES

The Roundtable Series is a forum for the campus community—faculty, staff, and students—to engage in conversations and reflections about subject matters that impact our lives, including our work and learning environments. The premise of the Roundtable is that every participant contributes to, and benefits from, the process. At “the table” everyone is equal, that is, every single member will be a valued participant in our discussions and reflections. The Series provides a non-judgmental, intellectually enriching, and experiential space for members of the campus community to engage in inspiring, and sometimes difficult or controversial aspects of diversity processes. ***Implausible Friendships/The First Roundtable Series:*** From **Noon to 1:15PM** on the following **Thursdays: September 3, September 17, October 8, October 22, November 5, and November 19**. Join students, staff, and faculty for the first Roundtable Series, entitled: *Implausible Friendships*. Lunch-time viewing of amazing documentaries, followed by group discussions examining the startling, surprising, sustaining, and enduring connections that individuals can make with each other, even as they start from extreme positions of conflict, differences, and sometimes hate. *If you would like to be added to or deleted from the list of persons who receive hardcopy announcements of diversity related activities, please contact the **Office of Equity and Inclusion** at x2830 or email felterbd@oneonta.edu.*

REMINDER ON POSTING GRADES

Federal law (FERPA) prohibits posting grades using student names and/or identification numbers. However, it is permissible to post by code name or number (not the Oneonta I.D. number, social security number, or any part thereof) agreed to by the student and the faculty member. Wherever you post grades, please scramble the names on the roster before assigning codes so that the list does not reflect an alphabetical listing of your roster. It is also against FERPA regulations to leave students' graded work in a general pick up area. Graded course work must be returned individually to students. Please be aware that under no circumstances may a listing of student names and ID numbers, or any part thereof, be posted for any reason. Violations of this law can result in termination of Federal funding to the college. Questions regarding the privacy of student records should be directed to **Maureen P. Artale, College Registrar** at x3216 or via e-mail at artalemp@oneonta.edu.

CONTINUING HEALTH INSURANCE COVERAGE FOR CHILDREN GRADUATING OR LEAVING SCHOOL

Employees' unmarried children currently enrolled under employees' health plans may qualify for three months of extended health insurance coverage if **1)** they are graduating from high school or college or have completed a semester as a full time student **AND 2)** they are between the ages of 18 and 25. Forms to extend coverage for those graduating should be completed and submitted to Human Resources **NO LATER THAN THE LAST DAY OF THE MONTH IN WHICH THE STUDENT COMPLETES HIS/HER COURSEWORK FOR GRADUATION**. Employees' unmarried children currently enrolled under employees' health plans can continue their coverage under COBRA if **1)** they are leaving mid-semester, but not graduating from high school/college or changing student status to less than full time **AND 2)** they are between the ages of 18 and 25. To enroll in COBRA, dependents must contact the **Employee Benefits Division of the Department of Civil Service** at **1-800-833-4344** prior to or immediately after leaving school to avoid cancellation of coverage. Please contact **Human Resources** at **x2509** for forms and information.

PERSONALLY IDENTIFIABLE INFORMATION MUST BE SHREDDED

This is a reminder to all faculty and staff from the Registrar's Office and the Office of Human Resources. Any printed material that contains either student or employee personally identifiable information must be shredded. It cannot be thrown into the garbage or with the recyclables. Employees who do not have access to departmental shredders can use the shredder that is located in the Print Shop, in the basement of the Administration Building. Questions regarding student information should be referred to **Maureen P. Artale**, College Registrar, at **x3216**. Questions regarding employee information should be referred to the **Office of Human Resources** at **x2509**.

INFORMATION ON SUBMITTING PAPERS TO AN ANTI-PLAGIARISM SERVICE

If you are using an anti-plagiarism service such as www.turnitin.com, you must remove the student's name and assign a code name to each paper you submit. The code name must not be the student's ID number or any part thereof, and should only be known to you. Using the student's name or ID number is a violation of the student's FERPA rights because you are releasing personally identifiable information without his/her written consent. If you have any questions on FERPA please contact **Maureen P. Artale**, College Registrar at **x3216** or via e-mail at artalemp@oneonta.edu.

QUALIFYING EVENTS MAY IMPACT HEALTH INSURANCE COVERAGE

A variety of events may impact eligibility for you and/or your dependents for health insurance coverage. These include, but are not limited to, marriage, separation, divorce, birth/death of a dependent, a change in spouse's employment/health coverage, a change in child's age, student status or marital status. To ensure that appropriate coverage begins/ends timely, it is imperative that employees contact Human Resources prior to, or within 7 days following, a qualifying event. If anyone has any questions, contact **Human Resources** at **x2509**.

Inclusion Diversity Equity Action Grants In Support of the College at Oneonta's Strategic Action Plan on Equity, Diversity, and Inclusion: **•Call:** The IDEA Grants Committee invites members of the campus community to apply for funding for projects or programs that will help to fulfill the goals and objectives of the Strategic Plan on Equity, Diversity and Inclusion, <http://www.oneonta.edu/admin/oei/StrategicPlan/StrategicPlan.asp>. Background: In March 2006, President Alan B. Donovan charged the Office of Equity and Inclusion with the task of creating the College's Strategic Action Plan on Equity, Diversity, and Inclusion <http://www.oneonta.edu/admin/oei/StrategicPlan/StrategicPlan.asp>. From August 2006 to December 2007, the Director of the Office of Equity and Inclusion worked with a team of staff, faculty and students to create the Plan. As part of that commitment, and alongside initiatives throughout the college, funding is available for the academic years of 2009-2011 to help put the Plan into practice. Preference will be given to proposals for projects and programming that are collaborative across departments and/or divisions of the College. The average amount of grants will range from \$500 to \$5000 but all requests will be considered. Please note that IDEA grants cannot be used for salaries and benefits and are subject to New York State guidelines for expenditures. **•Application Deadline:** Follow this link to apply for grants, <https://helpdesk.oneonta.edu/survey/entry.jsp?id=1238603869968>. FACULTY/STAFF ACTIVITIES

- **Veronica Diver**, Africana & Latino Studies/Political Science, graduated on Saturday, April 25, 2009 from the 15-month long CSEA Leadership Education and Development (LEAD) program. During the course of the program, LEADers learned various skills while simultaneously developing their own personal projects for their locals. Diver's project was to grow an effective steward base at SUNY Oneonta. She was successful in doubling the number of stewards from the beginning of the LEAD program to the present and she continues to recruit members to become stewards.
- **Achim Koeddermann**, Philosophy, presented a panel titled *Europe and America: Do We Share the Same World* at CU Boulder, Colorado on April 9, 2009. The panel discussed the philosophical differences between the U.S. and the "old continent." At this same conference, Dr. Koeddermann also gave an invited talk titled *Extreme Image Makeover* that analyzed the contradictory Rhetoric of speeches given by President Obama, contrasting the European image with the view presented by Al Jazeera. On April 10, 2009 at the CU Boulder conference, Dr. Koeddermann gave another talk on the need to rethink the principles of happiness in a utilitarian world, which would lead to more responsibility. His last invited talk addressed the problems of dignity at the end of life. Titled *Death: Go Gentle into That Good Night*, warned about the dangers of loss of autonomy at the end of life and discussed the ethical implications of the debate about pain-relieving controlled substances.
- **Ashok Malhotra**, Philosophy, has published an article on *Yoga Therapeutics: Philosophical, Scientific and Humanistic Approaches* in a volume on *The Roar of Awakening: A Whiteheadian Dialogue Between Psychotherapies and Eastern World Views*, edited by George Derfer, Zhihe Wang and Michel Weber and published by Frankfurt/Lancaster,ontos verlag, Process Thought XX, 2009. The primary goal of the volume is to describe the contemporary state of affairs in Western psychotherapy, and to do so in a Whiteheadian spirit; with genuine openness to the relative ways in which creativity, beauty, truth and peace manifest themselves in various cultural traditions—such as Eastern Worldviews.
- **Michael McAvoy**, Economics, Finance and Accounting, presented his paper, *The Development of the Gold Settlement Fund and the Beginning of Federal Control of Monetary Gold in the United States*, at the Economic and Business Historical Society Annual Conference in Grand Rapids, Michigan, during April 22-25, 2009. Mike began this portion of his Federal Reserve System financial history research during his sabbatical.
- **Suzanne Miller**, Education, published an article entitled *The India Connection* in *Educational Leadership's* theme issue on *Teaching Social Responsibility* (May, 2009). The article describes how individuals can make a difference. It focuses on the work of Ken Sider and how he taught third grade students in Oneonta about the culture of India as well as some of the problems of poverty. The children became involved in raising money for several schools India that are supported by the Ninash Foundation founded by Professor Ashok Malhotra. Ken Sider also serves as an adjunct professor in the Division of Education.

MEMORANDUM

TO: CSEA and M/C Administrative Staff

FROM: Lisa Wenck, Associate Vice President for Employee Services

DATE: May 6, 2009

RE: Summer Hours, 2009

Effective Monday, May 18, 2009 the College will implement the summer work schedule. The suggested "core" hours apply to all offices on campus subject, of course, to operational need. We are hopeful that the schedule will enable employees to leave work earlier to enjoy the summer months.

For the period of May 18, 2009 through August 21, 2009 all offices must be open for business between the hours of 8:00 a.m. – 4:00 p.m. excluding the lunch period. These represent the core office hours for the summer months. Supervisors are responsible for assuring that offices remain open and able to conduct business during these hours.

Supervisors must remember that classified employees must work the required 7.5 hours, take at least a half-hour lunch break and office core hours must be covered. If an alternative work schedule is approved for a particular employee, it should remain constant throughout the summer to minimize confusion.

Office coverage can be maintained by either classified or professional staff or both. Any variations from the core hours must be submitted in writing and approved by the Vice President of the appropriate Division, if not previously approved.

As of Monday, August 24, 2009 hours for all offices will return to the regular 4:30 p.m. core closing hour.
