Chair’s Report

Todd stated that he and Rhea met to discuss next steps, a timeline for completion of the vision statement and how they would attain feedback from the campus. Todd reviewed the timeline with the group.

Vision Statement Samples

SPC reviewed vision statements from 13 SUNY Comprehensives, our aspirational peers and the top five national schools (public and private) form Kiplinger’s, US News, and Forbes (including Carlton, Bennington, Vermont, Granville).

The committee drafted four possible Vision Statements for feedback from the campus. They are as follows:

- To be a leader in high quality education and affordability within the SUNY system, by cultivating a passion for education, social responsibility and ethical behavior with the resolve to provide preparedness for employment and professional or graduate pursuits.

- SUNY Oneonta students will acquire knowledge and experience in global connectedness, community engagement, diversity and sustainability and graduate in four years with little debt to launch a fulfilling career or pursue further studies.

- Driven to mentor and lead individuals to be productive members of a global society, Oneonta offers and affordable and rewarding experience that prepares students to be ethical, passionate and successful.

- Oneonta will be a lead in high quality, affordable education that enables students to find their strength, discover their passion, learn to overcome, grow as leaders and embrace responsibility.

Todd will bring to Cabinet for review on October 16, 2014. After Cabinet review and approval, the four draft statements will be sent out to the campus community as well as individual units with a brief survey to attain feedback.
